THURSDAY, MAY 13, 1904

ANNOUNCEMENTS.

We are authorized to announce William J. Harris as a candidate for election to the office of Sheriff of Marion County, subject to the will of the people. Election in August, 1904.

We are authorized to announce Dan T. Thach as a candidate for trustee of Marion county, subject to the action of the republican party of the county.

We are authorized to announce R. S. O'Neal, of Whitwell, as a candidate for the office of Sheriff of Marion County at the election to be held in August, subject to the action of the democratic party.

It is to be regretted that the location of the pike as surveyed from here to Victoria could not be still further removed from its proximity to the railroad. The News has made a strong effort to get the commissioners to change the location, but while they admitted that change should be made, they claim a route closer to the mountain would be more costly owing to the number of foot hills that would have to be crossed. A half mile more will be added to this dangerous road by following around Sardis hill next to the railroad, making in all about a mile and a half of road where the pike will be directly contiguous to the railroad track, with practically no chances to escape from the demoralizing effect of a passing train. This place has always been the dread of people with timid horses, and it seems unfortunate that it will be made a greater death trap than ever.

EDITOR CHAMBERS, of the Trenton, Ga., Sentinel, made a tour of the valley recently, and mentioning Sequachee as a progressive town has this to say: "We did not have an opportunity to see much of Sequachee, but understand it is a good business community. The Sequachee Valley News, edited by Hill & Son, is published at that point, and is quite a popular periodical, we find, throughout the valley." We are much obliged to Editor Chambers for his "mention" and regret exceedingly that he could not have stopped off long enough to have inspected our office which is a very complete printing establishment.

UNITED STATES Attorney George Randolph, Memphis, Tenn., has been making inquiries into the affairs of one J. T. Graham, who under the guise of the American Teacher's Association of Memphis, has been swindling newspapers extensively. Graham has been arrested on charge of using the mails in furtherance of a scheme to defraud newspapers all over the country. Newspapers which wish that the ends of justice should be subserved should send statements of their accounts to Mr. Randolph, who is very anxious to secure them as evidence of fraud.

The public school library fraud is being handled without gloves by State Superintendent Myers. The payment of notes given for these alleged libraries by the directors of Sevier county has just been declared illegal by the chancery court of the county on suit instituted by Mr. Myers.

The Monroe Citizen says that one of its subscribers was painfully kicked by a mule he was "plowing." The mule can hardly be blamed for so doing, as any man who thus recklessly irritates a mule ought to be kicked.

LET us hope that the little suckers which usually attach themselves to any project will not suck the life out of the Suck project as proposed for Tennessee river.

Impaired Digestion

May not be all that is meant by dyspepsia now, but it will be if neglected. The uneasiness after eating, fits of nervous headache, sourness of the stomach, and disagreeable belching may not be very bad now, but they will be if the stomach is suffered to grow weaker.

Dyspepsia is such a miserable disease that the tendency to it should be given early attention. This is completely overcome by

Hood's Sarsaparilla

which strengthens the whole digestive system.

POOR Uncle Rus Sage who is growing because he has been assessed for \$200,000 of personal property in New York city, and declares he will "move out," is invited to come to Sequachee where there is an abundance of nice water.

CHATTANOOGA has been having a dissipation viewing the picture of a woman without any lingerie on. As a Chattanooga paper remarks that "it takes some time to see Nana thoroughly," it must be a sort of lingering dissipation.

It's remarkable how uniform many of our country friends are in printing matter from the Hearst boiler plate factory, but isn't it rubbing it in to print the same plates in several successive issues.

We would rather deal with a rattlesnake than the individual who makes indecent remarks or tells filthy stories. There are too many of this sort in the land, anyway, venting their nastiness.

Mrs. Coffman, who edited the Rockwood, Tenn., Times while her husband took a rest, announces that she collected \$3 in six days. Golly! how the Times was booming!

THE Chronicle, Crossville, Tenn., is a late comer to our exchange table, which we are pleased to receive.

A few more enterprises in this town would put much more enthusiasm in the hearts of its citizens.

THE further removed from the race question the more the average newspaper talks about it.

A Kansas town wants a zoo. Seems to us there is zoo enough in Kansas.

The bugs must be awful bad around Fairmount these days. Well, when they are doing a serpentine around your ribs and up your spine, Dooley, that's the time to catch them, that's the time. We don't hear much from Scudder. Things must be very dull with him.

Ye writer thinks Dooley's Liniment is like that Grand Eliptical Mercurial and Pentecostal Nervous Cordial that will restore hair on a bald headed man.

Your writer is leaving this place and this will be his last writing to the News as duty calls him to Mississippi. He is going there to put up a wire fence to keep Dooley's old sow out of his corn field. Guess I will put some of Dooley's liniment on the fence posts. That will keep her out. Guess it will kill at 100 yards, won't it Dooley?

Women are curious creatures. Your writer says that if you want to find a woman out go to the house when she is not in.

Well, Scudder, I will answer the question I asked you last week. If you went through Jasper riding on a donkey you would represent a good pair (a good pair) you and the donkey. A joke is a joke, Scudder.

Jimmy from the Wire Fence.

OBITUARY.

Thans, Tenn., May 11.—Tuesday evening May 3rd, we laid to rest at what is known as the Kell graveyard Joseph Thomas Floyd, the son of James Floyd and wife. He was one year 4 months and 8 days old. This little one was all the child they had. It suffered from measles which turned into pneumonia fever, from which it passed away, the disease baffling the skill of the doctors. We should say God's will be done and not sorrow, yet we cannot say weep not for the child is gone to rest where Jesus is and where there is no pain or sickness. This little one has passed us in the lane of life, but our loss is its gain for it has gained a home forever at rest. But now to all its friends and relatives who mourn its loss we give admonishment that you with all kindness strive to meet it again in that better land. While we bid it farewell for a while but not forever it is hard for us to give the little ones up, but they are lights along the shore that never grow dim. May God console the parties in their bereavement, and take them all home to rest is my prayer.
